Warning: Pneumonia Outbreak in Wuhan

The city of Wuhan in the Hubei province of China has been reporting cases of pneumonia of unknown origin since December 2019.

Staff and students who visited that area for travel or family visitations are asked to begin wearing face masks if they have symptoms such as coughing or fever, contact a medical facility, explain their situation, and arrange an examination.

Students or staff who plan to visit that area are advised to obtain the latest information from the Ministry of Health, Labour and Welfare's "For Traveler's Health" website (see link below) before making travel plans.
