Temporary changes to Student Health Care Center services

In light of the appearance of novel coronavirus (COVID-19) patients in Japan, starting March 16, 2020, campus health care services will be changed as follows to prevent infection on campus and at the Student Health Care Center.

- 1) Katahira, Aobayama, New Aobayama, and Seiryō campus health offices will be closed for the time being.
- 2) Internal medical services for the Kawauchi Student Health Care Center will require reservations in advance by phone. In general, external medical too will require reservations by phone.
Reservations: 022-795-7829 Weekdays 9:00-11:30, 13:00-16:00
Note: You will be asked about your symptoms when making your reservation. The reservation will be conducted entirely in Japanese. If you cannot speak Japanese please ask a friend who can to help you.
- 3) The Kawauchi Student Health Care Center's dental and nutritional advising services will be suspended.
- 4) The Student Health Care Center is currently unable to see patients suspected of having COVID-19 or provide introductions to medical facilities that can provide testing. Those with cold-like symptoms are asked to refer to the Tohoku University website for the latest information.
