

April 1, 2022

ATTN: All Staff/Students

Using the Tohoku University Student Health Care Center

The Student Health Care Center is operating as described below to prevent COVID-19 infections on campus and within the center.

Consultations

Please use the phone number below if you require a consultation. If necessary, an appointment will be made for an in-person visit.

Appointment*: 022-795-7829

*The staff speak Japanese only. If you cannot speak Japanese, please ask someone who speaks Japanese to assist you.

Issuance of Medical Examination Certificate

The Kawauchi Student Health Care Center can issue Medical Examination Certificates during office hours. No appointment is needed. (The date from which certificates can be issued depends on when you underwent the examination)

Inquiries on Medical Examination Certificates*: 022-795-7836

*The staff speak Japanese only. If you cannot speak Japanese, please ask someone who speaks Japanese to assist you.

Other

- 1) Katahira, Aobayama, New Aobayama, and Seiryō campus health offices has been open since April. From April 2022, at each health offices, nurses provide health consultations and first aid on designated days.
- 2) The Kawauchi Student Health Care Center's dental and nutritional advising services are suspended.
- 3) The Student Health Care Center is currently unable to see patients who may have COVID-19, or provide introductions to medical facilities that can provide testing. Those with cold-like symptoms are asked to refer to the Tohoku University website (see QR code).

4) The following Student Health Care Center services are currently unavailable:

1. Automated blood pressure test
2. Automated vision test
3. Body composition test
4. Height/weight measurement
